

**ELECTRICITY TARIFF REVISION FOR THE PERIOD 1 OCTOBER TO 31 DECEMBER 2017**

**Singapore, 30 September 2017** – For the period from 1 October to 31 December 2017, electricity tariffs will decrease by an average of 2.1% or 0.42 cent per kWh compared to the previous quarter. The tariff reduction is due to the lower cost of natural gas for electricity generation as well as lower non-fuel costs.

For households, the electricity tariff will decrease from 20.72 to 20.30 cents per kWh for 1 October to 31 December 2017. The average monthly electricity bill for families living in four-room HDB flats will decrease by \$1.59 [see Appendix 3 for the average monthly electricity bill for different household types].

**Quarterly Household Electricity Tariff**

SP Group reviews the electricity tariffs quarterly based on guidelines set by the Energy Market Authority (EMA), the electricity industry regulator. The tariffs given in Appendix 1 have been approved by the EMA.
